

Green Tech High will offer students a dramatically different and high-quality academic option:

- A safe, highly disciplined school culture that focuses on personal responsibility and high expectations
- A college-preparatory focus, including a rigorous academic curriculum that fulfills the state's performance standards and course credits to obtain a Regent's diploma
- A low student-teacher ratio of approximately 12:1
- A longer school day (plus breakfast), and a 200-day school year

## *Green Tech High Charter School*

Green Tech High Charter School will be an all-male school that will provide a high quality, college preparatory education for Albany students in a safe, small-school setting that offers an extended school day, a longer school year, extensive literacy instruction, and programs that emphasize environmental awareness and technological proficiency.

## The Mission...

*The mission of the Green Tech High Charter School is to prepare young men to complete high school with a Regents diploma so they will have the opportunity to attend college or choose an alternative, responsible career path as they enter adulthood. Green Tech High will succeed in this mission by providing a complete college preparatory high school curriculum that ensures every student will attain the skills and coursework necessary for a Regents diploma, including the use of computer technology with an added knowledge and understanding of the environment.*

## The Difference...

Green Tech High will provide a high-quality alternative for the students most at risk of falling between the cracks. To ensure that each of its students attain mastery in the fundamental subjects of English language arts and mathematics,

### **Green Tech High will offer:**

- Two hours of instruction in English composition and literature daily
- 90 minutes of math instruction daily
- Substantial time each day for tutoring and other instructional assistance
- Students will develop a personal mentoring relationship with school staff members through Green Tech High's Advisory Program

## The Green & The Tech...

### Environment

⇒ GTH will utilize the natural resources of the region, including the Pine Bush, the Adirondack Mountains, and the

Hudson River, as outdoor classrooms to emphasize environmental issues, build environmental awareness, and as a basis for the study of science, geography, history, art, and other subjects.

⇒ GTH will offer a semester-long Advanced Placement (AP) course in environmental studies in addition to its regular science courses.

### Technology

⇒ GTH will expose students broadly to technology and skills that are needed to succeed in higher education and the workplace beyond college.

⇒ Seniors at Green Tech High will be provided with laptop computers, free of charge, to use throughout the year and to take with them on their next step to college.
